Cynthia Alice Andrews in Seattle, Summer 2017

*On a brilliant summer day in Seattle recently, I sat down with **Cy Andrews** (or @DataRulesMe as she's known to her many Twitter followers) to chat about her unusual passion. Cynthia Alice Andrews is one of the rare people who practice data art—an emerging field that combines data science and visualization with artistic creativity, among other attributes.*

As a data artist myself, I couldn't pass up the opportunity to dig a bit deeper into how she sees this field evolving and why she doesn't mind being
